## LIP LINER PENCIL NO FEATHERING - NO TRANSFER ULTRA LONG LASTING

Hi-Tech new generation formulation for highly professional performance with three actions:  
Filling, no feathering, barrier effect lip liner. No transfer and anti-age.

### BARRIER EFFECT – LONG LASTING

Gently glides onto lips, to deliver a precise and even outline. Developed with specially selected ingredients to guarantee **exceptional hold** and ensure your lipstick stays on. Prevents feathering and smudging.

**Counters colour bleeding, especially in the case of lip gloss.**

### SHAPES THE VOLUME OF LIPS

Contains a rich complex based on spheres of **dried plant extracts** for a filling effect. These swell on contact with the moisture in your skin, smoothing out any small lines and giving your lips greater volume.

Result: fuller, plumper and more seductive lips.

### ANTI-AGE ACTION

**Hyaluronic Acid and Ceramide 3** regenerate and protect the connective tissues, for more supple lips.

This transparent pencil is especially recommended for use with lip gloss, as it creates an invisible natural barrier and suits all colours.
